

# AERIAL WORK PLATFORM

<http://tiny.cc/liftingplatform>

## FEATURES & BENEFITS

- MultiOne carries the platform anywhere
- Independent from external power source
- Quick and versatile

The MultiOne aerial work platform is attached to the MultiOne by the coupling plate.  
 The safe working load for the aerial work platform is 120 kg (265 lbs), which makes it ideal for one man and plenty of tools. This platform is a cost effective system that enables reaching working heights up to 8 – 10 m (26 – 33 ft). This portable platform is suitable for building repairs, painting, light bulb replacement, general maintenance, and more.
