

SPRAYER

<http://tiny.cc/sprayer>

FEATURES & BENEFITS

- **Fast application for large areas**
- **Flow and pressure adjustable**

The hydraulically powered MultiOne sprayer is the proper attachment for the fast and efficient application of landscaping chemicals. NOTE: MultiOne recommends that the operator wear the appropriate personal protection equipment when handling and applying landscaping chemicals.

The 4.5 m (14.75 ft) wide spray bar, combined with the 100 l (26 US gal) tank allow for fast coverage of large areas, and can be mounted either on the front or rear of the MultiOne. Spray nozzles are adjustable to assure the proper material application, making this system ideal for landscape and grass area maintenance.

This unit comes standard with a 50 m (165 ft) hose reel with an application wand and nozzle. System pressure and flow are adjustable to meet application requirements.

| Model | Capacity | Spraying bar Width | Hose reel | Weight | Code | Price |
|---------|-----------------|--------------------|---------------|-----------------|----------------|-------|
| Sprayer | 100 l (3.5 ft³) | 450 cm (177.2 in) | 50 m (164 ft) | 65 kg (144 lbs) | C890740 | |
